Enhanced Aesthetics Private Label Sunscreen & Moisturizer

In addition to having Vitamins A, C, E, Green Tea extract and Co-Q10 all strong antioxidants, *Enhanced Aesthetics* sunscreen/moisturizer contains 7.0% **Zinc Oxide**, a physical block for UVA protection and 7.5% **Octinoxate**, a chemical blocker for UVB protection and soothing to the skin providing a lovely glow, even under makeup.

Glytone

Glytone products are formulated with a clinically proven ingredient, glycolic acid, a type of alpha hydroxyl acid. **Glycolic** acid works by deeply penetrating the skin's surface and loosening the top layer of dull, damaged skin. **Glytone** facial cleansers help to exfoliate acne-prone skin reducing acne blemishes and controlling breakouts.

A simple three-step program provides visible de-aging through increased concentrations of glycolic acid therapy. Each step works to visibly diminish the appearance of lines and wrinkles, leaving skin glowing with renewed smoothness and radiance.

Our products include:

Mild Gel Wash - For normal to oily skin. Works to lower the PH of the skin as it cleanses the skin of dirt and oils

Mild Cream Wash - For sensitive and dry skin. Combination of conditioners, moisturizers and surfactants to gently and thoroughly cleanse and lubricate the skin

Facial Cream 1, 2, 3 - For normal to dry skin. Formulation of glycolic acid to help reduce the appearance of fine lines and wrinkles while enhancing the skin tone

Facial Lotion 1, 2 - For all skin types. A skin retexturing formula containing a low level of glycolic acid to help exfoliate dead surface skin cells to reveal fresher, younger looking skin

KP Kit - The 2-step system for keratosis pilaris incorporates intensive glycolic acid levels to reduce or eliminate the skin of unsightly dry, red bumps and reveal smooth supple skin

Clarifying System 4% Bleaching Cream - For all skin types. Gradually lightens hyperpigmented skin conditions by effectively inhibiting melanin production

Hydrating Eye Cream - Utilizes glycolic acid in a softening and soothing vehicle to diminish the appearance of fine lines and wrinkles while moisturizing the area around the eyes

Avéne

Avéne products are rich in soothing and softening thermal spring water and are effective in the daily care and management of sensitive or post procedure skin. Daily use helps to restore skin's natural balance. *Avéne* products are clinically proven to soothe and calm stressed skin. All the Tolérance extreme products are fragrance-free, preservative-free, surfactant-free, hypo-allergenic and non-comedogenic.

Our products include:

Tolérance extreme cleansing lotion - Cleanses, leaving the skin clear and fresh without irritation. Formulated with only six ingredients

Tolérance extreme soothing cream - Protects, moisturizes and nourishes skin which is unable to tolerate ordinary products. Formulated with only nine ingredients

Rétrinal - Available in three concentrations to address individual skin aging concerns

Rétrinal 0.025 - Enhances radiance, hydration and skin firmness to minimize the onset of the visible signs of skin aging

Rétrinal 0.05 - Ideal as part of a nightly skin aging program to maintain skin's youthfulness

Rétrinal 0.1 - The highest concentration which can be used as an intensive treatment or nightly as part of a more aggressive skin rejuvenation program

Diroséal - Visibly reduces the appearance of skin redness by minimizing the appearance of swelling and improving skin toner and complexion. Its green tint provides immediate anti-redness neutralizing effect

Diacnéal - A skin care lotion and gel cleanser for blemish-prone skin, with little to no irritation

SkinMedica

SkinMedica products are the first step to younger, healthier skin. The *SkinMedica* line with **TNS Recovery Complex®** at its core, includes Age Defense, Acne Care and Specialty products. TNS Recovery Complex® is clinically proven to reduce the appearance of fine lines and wrinkles, diminish the appearance of age spots, reduces roughness and firm skin texture. Enhanced Aesthetics has had truly phenomenal results combining **TNS Recovery Complex®** with our **Photorejuvenation** treatments.

Our products include:

Facial Cleanser - For all skin types. Cleanses away dirt and makeup without harsh detergents

Sensitive Skin Cleanser - For dry, sensitive, post procedure skin. Cleanses with a combination of soothing botanical extracts that wash away surface dirt and oils

Acne Treatment Toner - Combination of tea tree oil and salicylic acid with antioxidants and botanicals to clear clogged pores and control breakouts

Rejuvenative Toner - Combination of Japanese green tea botanical extracts and alpha-and beta-hydroxy acids to remove dead skin cells and residue, refine pores, and soften skin

Ultra Sheer Moisturizer -A light, oil-free formula designed to hydrate oil-prone and sensitive skin

Rejuvenative Moisturizer - An effective combination that hydrates while enhancing the skin's own moisturize absorption and retention abilities

TNS Recovery Complex - Contains the highest concentration of **NouriCel-MD** and is clinically proven to reduce the appearance of fine lines and wrinkles, diminish the appearance of age spots and dyspigmentation, reduce roughness, and firm skin texture

TNS Illuminating Eye Cream - Combination of **NouriCel-MD** and the newly discovered peptide technologies helps reduce the appearance of dark circles and puffiness, and brighten the skin around the eyes

Uplifting Eye Serum - An oil-free formula that improved the appearance of dark circles, and is designed to smooth, tighten, and lift sensitive skin around the eyes

TNS Lip Plump System - The first and only clinically proven two-step lip treatment that not only works to decrease the look of fine lines and improve contour around the lips, but also plump and enrich natural color

AFA Skin Rejuvenation

AFA Skin Rejuvenation (by Biopelle) is a simple and effective skin care line that produces noticeable improvements in the appearance and texture of skin. **Acidified amino acid**, the principle ingredient in **AFA**, is the result of a patented acidification process that enhances Filaggrin-based amino acids similar to those found in the skin's own natural moisture retention system.

AFA is a powerful exfoliant which effectively improves the signs of photo-aging. It also promotes greater moisture retention which increases elasticity and is a potent antioxidant which removes damaging free radicals. And **AFA** causes minimal irritation so it can be used on a variety of skin types and sensitivities. The result is a revolutionary dermal rejuvenation system designed to provide patients of any skin type, with radiant, younger looking skin.

Our products include:

Cream Cleanser with Dead Sea Minerals - A soap-free cleanser which gently removes impurities, excess oil, and makeup from the skin's surface. Gentle enough for all skin types, but ideal for dry to normal

Gel Cleanser with Dead Sea Minerals - A soap-free cleanser that gently removes

impurities, excess oil, and makeup from the skin's surface. Ideal for normal to oily skin

Toner-Mist with Dead Sea Minerals - An alcohol free, pH balanced, purified water toner fortified with Dead Sea Minerals that soothes and cools, while helping to restore skin's natural balance

Exfoliating Gel - A powerful, non-irritating gel exfoliant that removes cellular debris from the skin's surface producing immediate, visible improvements in skin texture and elasticity by improving skin moisture retention. Available in **Mild, Plus,** and **Max** strengths for increased efficacy over time

Oil-Free Moisturizer with Dead Sea Minerals - Designed for people with normal to oily skin, this non-comedogenic, ultra-hydrating moisturizer absorbs rapidly into the skin

Moisturizer with Dead Sea Minerals - A rich, ultra-hydrating, non-comedogenic moisturizer formulated for dry to normal skin

Each product's combination of ingredients works on a specific skin type to help properly restore younger, healthier more beautiful skin.
